NILES TO HAVE WILD FLOWER SHOW SOME TIME IN APRIL

PLANS TO inaugurate a Wild Flower Show for Niles were discussed at the meeting of the Niles Chamber of Commerce Tuesday. H. B. Rathbun, Bob Blacow and George Donovan being appointed as a committee to consult with members of the Ad Club to make arrangements.

This program is being undertaken with two motives—as a publicity stunt for the community and as an educational campaign regarding the conservation of wild flowers. Niles with her surrounding hills is especially fortunate in regard to the many varieties of wild flowers abundant here. Several years ago Principal E. D. Bristow of the Niles Grammar School staged a Wild Flower Show which brought to the attention of the public the good fortune of this community in this respect.

Enthusiastically
Received

One of the most interesting meetings yet held by the Men's Club of Washington Township was that which occurred Wednesday evening at the Niles Congregational church when the speaker of the evening was W. Haluck who told in a thrilling and gripping manner of his escape from Russia when he was only 17 and of his subsequent adventures in "God's Country."

Music was furnished by Fred Mitte's "Haywire Orchestra" and was a novel entertainment. Jane Gates and Pauline Dugart, Melody Maids, gave several vocal, violin and piano solos and duets which were enthusiastically received.

The four-course dinner was served by the Ladies' Guild and judging from the speedy and complete disposal of viands the menu was entirely satisfactory. Seventy-nine men were present. Mrs. A. A. Hatch was chairman of dinner.

Date of Niles Broadcast Is Set For April 16 At 8 P. M.

Date of the Niles broadcast over KZM under the auspices of the Niles Chamber of Commerce has been set for April 1 at 8 o'clock to continue until 9 or 5:30 o'clock, according to announcement made by the chairman, W. J. Helm, at the Tuesday noon luncheon.

All residents are advised to locate KZM on the dial if they have not already done so and be ready to tune in on the 6th when the beauties

and advantages of Niles will be reviewed upon the air. The station comes in low on the dial, on most sets between 8 and 15.

Details of the program are being arranged, states Mr. Helm, who is assisted by C. H. Waterbury and Jack Williamson, and will be announced in next week's Register. Local talent will offer musical numbers and some one will give a talk about Niles.

SCHOOLWORK SHOWN DURING APRIL 22-28

A tentative program for Public School week, April 22-28, has been drawn up. This year's program is much larger than last year's.

Demonstrations will be given Monday and Tuesday in all the local grammar schools of their work. The parents and public are invited to inspect their town schools.

On Thursday exhibits from the grade schools and high school will be exhibited in the high school building. The parents are invited to come and see their children's work. At 5 o'clock on the high school grounds a free outdoor band concert will be given by the high school band under the direction of John Kimber. On the same day at 8 p. m. a free concert will be given by the high school orchestra in the auditorium. Speakers and other entertainment is to be provided for this occasion.

These plans may be changed somewhat, according to the chairman, E. B. Hodges.

All residents of this township are cordially invited to attend these enthusiastic programs.

Tell the world what you have to sell through the columns of the Township Register.

SLOGAN CONTEST CONTINUED

In accord with several requests made, the contest for the slogan for Niles has been extended another week but all entries must be in without fail before next Monday. They can be mailed to the secretary of the Ad Club, Mrs. J. C. Shinn or turned in to the president, Dr. Chas. Law. Those who wish to compete for the \$5 and the honor of suggesting the community slogan, must not fail to have their slogans in by Monday, April 8.

Remember that the slogans must be short, the shorter the better without sacrificing meaning. The winning slogan will be placed upon stationery used by civic clubs of Niles and upon any banners employed in any kind of publicity event for the community. It must tell in the fewest possible words the main assets of the town.

Special Board Meet Of Country Club

A special meeting of the board of the Country Club was held Monday and it was decided that arrangements for the luncheon announced for Tuesday had gone too far to postpone the affair because of the bereavement in the families of members.

SOCIETY HAS BEEN AVENGED

IT may take courage to pardon Tom Mooney and Warren K. Billings, yet it is a type of courage that we would applaud in Governor Young. If the men are actually guilty of the preparedness parade bomb outrage, sentiment as a whole would be against the release of these political prisoners.

Whether right or not, murder and other crimes committed by political zealots, have mitigated ing circumstances recognized and acknowledged by every nation, Christian and non-Christian. The fact that the act was prompted by a desire to correct what the perpetrator believed to be a political or economic injustice, softens the blow of punishment.

Mooney and Billings have been in jail for twelve years. They have been punished if they are guilty, and crucified if innocent. It seems to the writer, that the pardon at this late day could not possibly be wrong, any way you might look at the matter. If guilty, they have paid; if guiltless, even this tardy restitution by the state would be better than making these "agitators" die in prison, innocent men.

One injustice does not right another. One error of administration does not justify another. If that were so, we would point out to the government that the prison parole board has within the year, shocked the people with its official conduct, and if they should set Mooney and Billings free, it would be not a circumstance to the record already odious to Californians.

But this is a matter for the government—not the prison parole board.

It takes courage even to give plain justice to an Industrial Worker of the World, or adherents to other radical societies. But it is dangerous to give them less than impartial justice. Martyrdom always makes converts, and gives the soap-box orator fuel to add to the flame of "direct action." It is better to follow the counsel of Roger Williams, of colonial days, who believed in giving the dissatisfied full reign to air his grievance until lack of echo lead him to keep his peace.

Let Governor Young take this weapon from the I. W. W. and Bolshevik—the claim that innocent men were put in state prison, and kept there because capital felt safer with leaders of this type behind masonry and steel bars.

IT WOULD BE A PLENTY

WILL ROGERS ironically wonders how rich Coolidge would be if Wall Street were to pay him the sum proportionate to its indebtedness to him. That is hard to answer. In the case of his cabinet member, Mellon, the answer would be quite simple—\$2,167,182,500. That is the actual sum that Mellon handed back to the big fellows in the way of tax refunds. And, let us see? Who was it that referred to Mellon as the "watch-dog of the treasury?"

National Automobile Club Bulletin Advertises Niles

A little more publicity for Niles! In this week's issue of the Weekly Press Bulletin, a publication issued by the National Automobile Club and distributed to over 500 papers in the West, a third of a column article is devoted to the advantages of Niles Canyon, it being the only water level route from the interior to the bay section.

The article bearing the headline, "Niles Canyon Boasts Water Level Distinction," reads as follows:

According to a statement made by George Posey, County Engineer of Alameda county, and engineer in charge of the construction of the famous Posey Tube between Alameda and Oakland, Niles Canyon offers the only water-level route between the interior of the state and the Bay regions.

Niles Canyon, reports the Touring Department of the National Automobile Club, is one of the most popular destinations for the Bay Region motorist contemplating a Sunday drive or picnic. The opening of the new Richmond Bridge in the canyon, the great amount of road work completed, with more planned for the near future, makes it possible for one to thoroughly enjoy the scenic attractions of the wonderful territory to which Niles is the gateway.

The Water Temple at Sunol, the Calaveras Dam, the Castlewood Country Club, Amador Valley, and the prosperous regions devoted to farming, dairying, and fruit raising, are all readily accessible from Niles. The trip to that city, from any point around the Bay, is in itself a most pleasant journey for the motorist.

Soap + hot water = cleanliness

Simple as A B C. Taught in the grade schools, this easy lesson in cleanliness. Yet it's not so easy to GET hot water in many homes that have no MODERN WATER HEATER.

A modern water heater is AUTOMATIC. It gives clean, rust-free hot water for the lowest cost per gallon. There is no waiting. The heater is large enough to supply water for the laundry, the dishes or the bathing without running short. It gives long years of faithful service—silently, efficiently. Remove it—what an inconvenience.

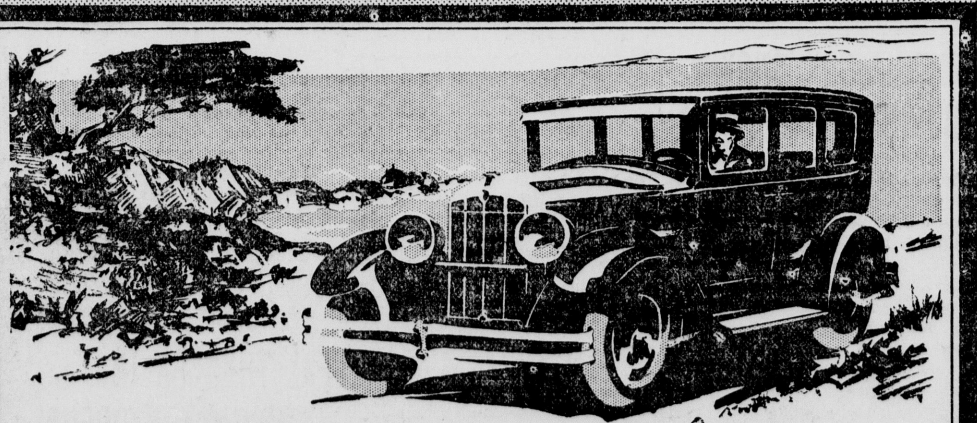

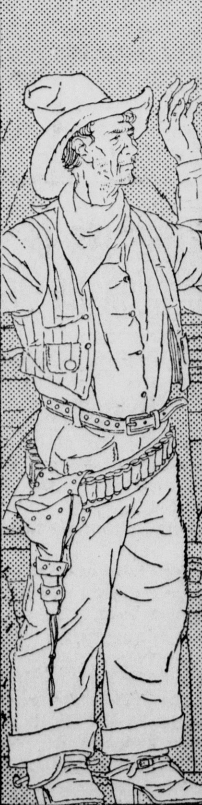

We recommend a number of Automatic Gas Water Heaters that are well made and KNOWN by us to be good. These heaters are also sold by the reliable local dealers.

A VISIT TO AGNEW'S

Last year, 1928, I visited the newly settled colony of immigrants from the late Washington Union high school.

These queer people had settled down to a beneficial blind mice raising business when I so rudely disturbed their peaceful settlement. I soon found a willing guide whose name, so he told me, was Wobert Right. This fellow, who seemed to be all legs, was very explicit. He proved to be a very handy companion, for he was acquainted with all the inhabitants and their business.

Well, to go on with my story, he took me to a great home where the people were classified by their shoe-widths and vocabulary. I was shown, sitting on the floor in a lonely cell, was Frank Fimmentel. I was told the fellow was ailing from Aneerosloomaomeetra, which seemed to be a dreadful disease caused from lovesickness. As we went down the line, I saw a handsome woman combing her long waves of billowy hair. The chart on her door told us she was "Buss" Pliss. She, too, was under the influence of a disease caused from the worry and strain of her missionary work in the remote corners of far off Decoto. Her case was so sad I simply could not bear to gaze on the poor woman, so we moved on. To my dismay, I next found a woman employed hurriedly scribbling and then frantically destroying her letters, with a final fling of the paper into space. It was believed that Cary Malderia became this way from tripping the light fantastic on the desks of room 102.

Adjoining, was a room where many, many of the colony's population were absorbed in various interesting things. It would be difficult to mention here all the methods of play practiced by the different inhabitants.

Poor Mavor Lotter was running around in circles, backward with her grasping hands tightly enclosing her unwieldy ankles. I was informed her suffering was caused from her continuous search for poetry. Next, to my surprise, I found Aols Librott and Barvyn Macow. This couple were sitting on a cardboard moon trying their utmost to imitate Pierrette and Pierrot. Evidently they had practiced this before contracting the terrible illness. Near them was a group who were electing a chairman called Camas Jull. This young dandy fervently let restless glances linger upon a fair damsel named Sila Eullivan. It appeared that these two were much interested in the welfare of an establishment for worn faculty members. Several of the group offered suggestions. The most prominent assistant.

These deaf and dumb asylums (or should we say asyaes) are really great institutions, when you stop to consider it, but did you ever think of the work the teachers have to do? We know of one lady who has devoted her whole life to teaching her dumb pupils not to speak with their hands full.

They maintain a wonderful discipline in those schools, too. For instance, one day a matron saw a crowd of boys in a corner of the yard, and one of them was telling a false experience. Quick as a flash, she seized him by the ear and marched him straight into the house where she grabbed a bar of soap and washed off his hands.

And you can't conceive of the trouble they have in the dormitories. One fellow has to wear a straight jacket for pajamas, because his brother, who sleeps with him, complained that he talked in his sleep and tickled him. Another poor fellow had a nightmare and fractured his knuckle against a bed-post. But the saddest case of all is that of the poor chap who took lessons in handwriting and applied the principle of arm motion to speaking to such an extent that he is death.

Croquignole or spiral winding in permanent waving to suit the texture of the hair is of utmost importance in obtaining the best results, and only experience can teach anyone to decide for you accurately, according to Margaret Kling of the De Luxe Beauty Shop.

The new croquignole machine that has just been installed has been demonstrated and proved the very latest creation in the permanent waving field, making it faster, healthier, safer and more comfortable and requiring very little or no finger waving.

Permanent waving will always remain an art, a specialty that requires knowledge and judgment. Miss Kling has sincerely studied this branch of her profession, also having demonstrated these machines in San Francisco and is ably qualified to give you the very best advice as to your permanent wave. You are always welcome to call on her for such advice without any obligation or to inspect the machines at her Beauty Salon on I street, Ellsworth Bldg., Niles. Public school week is to be observed throughout the nation beginning April 22, as announced by Charles Albert Adams in charge of the annual observance at State headquarters in San Francisco.

PUBLIC SCHOOLS WEEK BEGINS ON 22ND OF APRIL

This is the tenth annual observance. Last year more than 500 meetings were held in public school auditoriums and community halls.

The purpose of the week is concretely expressed as follows: The American people are already firmly committed to a free public school system. What they want to know is whether or not the system is functioning as it should and if not, why?

Exhibitions of the work of school students, to bring the work of the schools nearer to the parents and the community in general will be one of the features.

Watch your driving on Monday. There is less traffic but more hurry. It is the common fault of California motorists to attempt trips that are entirely too long for the week-end.

Easter Service At St. James Well Attended

The St. James Easter day service at 11 a. m. was well attended, many old-time members of the congregation coming for the annual Easter festival.

The church was beautifully decorated with flowers—lilies for the most part.

For an offertory solo, H. R. Hunt sang, "Holy City," and a quartette—Messrs. H. R. Hunt, H. F. Chadbourne, C. J. Attwood and F. Blacow—sang the anthem, "I know that by Redeemer Lives."

The offering was generous and the whole service was very much enjoyed.

Three Old-Timers Pass Away In One Week

It is not often that a small town is called to part with three of its most respected residents inside of five days.

The death of Mrs. E. Roper occurred Wednesday, the 28th. She fell into a sleep from which there was no awakening. The dear ones left behind have the sympathy of local residents.

On Easter Sunday, Judge B. Mickel, who has been ill so long—suffering so patiently—was taken to his last rest.

On Monday morning the town was shocked by the news that T. E. Chadbourne had passed away at 4:30. He was ill only an hour. His physician was with him but of no avail.

The three will be missed beyond expression and the near and dear ones have the deepest sympathy of the community.

The funeral of Mrs. Roper took place Friday; Mr. Mickel's Tuesday; and Mr. Chadbourne's, Wednesday.

P. G. & E. Places Gas Holder Near Niles

The Pacific Gas and Electric Company has approved orders for the expenditure of \$30,928.00 in the Hayward suburban territory for the installation of a new gas holder. This equipment will provide storage to take care of

the rapidly growing demands for gas in Hayward and southern Alameda county.

In making the announcement, L. H. Newbery, Division Manager of the Company, states that the new holder will have a storage capacity of 200,000 cubic feet of gas. It will be located on the Valle Vista road north of the Western Pacific Railroad. The 4-inch high pressure transmission passing through this section will be tapped during the hours when the gas demands are low and the holder will then be filled so as to build up and maintain a supply during peak hour demands.

Advertising pays dividends.

NEW PHONE SERVICE IRVINGTON-NEWARK

Calls From Niles Can Be Made Without Long Distance

It is now just as easy to telephone to Irvington or Newark as it is to call a Niles telephone number. This is the result of the establishment of "Number Service" between Niles and these exchanges on Monday, April 1.

John Robinson, manager of the Pacific Telephone and Telegraph Company here, in explaining this new service, said, "Number Service" makes it possible to make a telephone call from Niles to Irvington with the same ease that you make a local call. When you telephone from Niles to either of these points, give the local operator the desired telephone number and hold the line as on a local call.

"Just remember, that in using this service calls must always be placed by telephone number. Therefore, it is always advisable to consult the telephone directory first to insure that the correct number is being called. If you can not obtain the number of the called party's telephone from the directory, ask the information operator, then give the number to the local operator."

"Number Service" has also been established from Irvington and Newark to Niles and between Irvington and Newark.

TWO FIRST CLASS MURDER PICTURES AT NILES THEATER

"The Bellamy Trial," a talking picture will be shown at the Niles theater Sunday and Monday, this being the picture which made such a pronounced hit in Oakland last week. Following it on next Wednesday and Thursday is "The Canary Murder Case," one of the most thrilling and gripping pictures ever shown on the screen. Many people in Niles have seen this feature and declare it unsurpassed in mystery and thrilling episodes. It has none of the sordidness of the usual murder melodrama and leaves no morbid discomfort after its presentation. The Canary Murder Case is expected to draw capacity crowds.

On Saturday, Ken Maynard in "The Glorious Trail," with "The Collegians" will make up the bill.

Youth to Be Asked to Sign Up For Prohibition Enforcement

The W. C. T. U. announces a pledge signing campaign among the youth of America, the campaign to end March 4, 1933, at which time the results of the canvass will be reported to President Hoover. The organization of this nation wide movement is in the hands of the Young People's Branch of the W. C. T. U. in every state.

The pledges read: "With President Hoover I want prohibition to succeed. I want to give prohibition its chance. That the constitution may be protected and orderly government preserved I declare my purpose to abstain from the use of all alcoholic liquors as a beverage; to support and defend the 19th Amendment and thus to contribute to the success of prohibition."

The W. C. T. U. believes this will be a substantial contribution to the support of the president's views of prohibition. The women

of the W. C. T. U. have great faith in Mr. Hoover's friendliness to the 18th Amendment. Mr. Hoover's mother was a member of the W. C. T. U. of Iowa; and at one time Mr. Hoover himself was a member of the Loyal Temperance Legion, the children's organization sponsored by the W. C. T. U.

The women of the organization believe, in common with college presidents, schoolmasters and other experts that the younger generation is the best generation seen in America. There are millions of boys and girls who have never seen a saloon and who will never suffer the effects of liquor in themselves, in their friends or families. The W. C. T. U. has consistently defended American youth against the slanders of wet publicists who have declared the young folks ruined by prohibition and whose remedy to bring the boys back to normal is more liquor.

GIRLS' WEEK OBSERVED AT NILES THEATER

Local Talent Will Put On Program Between Pictures, April 24

Girls' Week will be observed in Niles the week of April 21-28, with a special program at the Niles theater on the evening of April 24 at 8 o'clock, several numbers of local girls' talent to be put on between pictures, these arrangements having been made with Manager W. J. Helm.

Numbers by a girls' orchestra will be given under the direction of John C. Kimber and a girls' chorus under the direction of Mrs. Charlotte Huntley Foster will add their part of the entertainment. Vocal solos will be given by Miss Lois Abrott and other features may be added later, the program having been arranged by a committee composed of Mrs. James R. Whipple, Mrs. J. C. Shinn and Mr. Helm.

Girls' Week is being observed in Niles in conjunction with the program introduced in Oakland this year. It is for the purpose of bringing to the attention of the public the various opportunities which may be open for girls and of bringing to the attention of the girls their place in the community.

Schools, churches, clubs and business organizations are asked to take part in this observance. Campfire Girls will discuss various ways of co-operating at their meeting Friday evening at the home of the guardian, Mrs. J. E. Townsend.

ner arrangements and was assisted by about 25 members of the Guild in serving.

Mr. Haluck's address was a graphic and comprehensive picture of Russian farm life, the dangers and hardships of emigration and immigration, the struggle for one who does not even know his own alphabet when learning a foreign language and the gradual climb to success when established in America. Mr. Haluck is now a successful business man in Alameda and has nothing but praise for the "God's Country" he has adopted. He spoke severely of foreigners who come to this country trying to spread dissatisfaction with the government.

"Who the dickens asked them to come to America?" he asked. "Nobody asked me, and even with the worst conditions in America they are 200 years ahead of living in many places of Europe. When I came to this country I did not know what knives and forks were for. The Russian farmer knows nothing about beds, sheets, table cloths, electric lights, or how to read or write."

"I have found that anybody can get anything they want in America if they work for it, but more than anything they need an education. If you ask for a direction they tell you so many blocks, so you must count; or they spell out the name of the street and you have to know what they mean to get anywhere."

Mr. Haluck had to learn the Russian alphabet at the same time he learned the English. He learned to count by knowing that the first page in Saturday Evening Post was "one," the second, "two," etc. Through a subscription arrangement the Post furnished

His first job paid him \$3.50 a week in a furniture store. He learned to play a Russian musical instrument and the second year made \$25 a week. Later he came to Oakland with the Orpheum and made \$75 a week. Six years ago he went into the automobile business and has made a decided success.

He remarked that he felt the chief mistake American parents made was in giving the children too much, making it too easy for them and expressed the belief that if young Americans had to work and fight for a little more they would develop more strength

of character and more earnest purpose. His address lasted for a little more than an hour but he held his listeners completely entertained and interested.

Winfield Scott showed a series of California pictures which were received enthusiastically, his explanations of scenes of haunts of California writers, wild flowers, and famous beauty spots winning hearty applause. It is hoped that Mr. Scott will show other pictures in his collection at another meeting to be held at the Niles Library sometime this month.

OBSERVATION OF EASTER AT LOCAL CHURCH

Several Services Heard By
Unusually Large
Audiences

Miss Elsie Hodges had charge of the Easter program held at the Niles Congregational Sunday school. The auditorium was filled with parents and friends of the children participating and the youngsters carried out their parts most creditably.

A capacity audience enjoyed the services in the church auditorium which had been beautifully decorated with Easter flowers. Each pupil of the Sunday school was given a pansy plant, this being a custom carried out by the church for several years.

Lois Abrott sang the solo part for "Holy City" assisted in the choruses by the girls choir, with Mrs. Charlotte Foster at the piano. Rev. A. W. Seebart, pastor, delivered the sermon.

On Friday evening a special service with communion was observed, the music being rendered by Dr. R. A. Bennett. An Easter playlet was given by a group of

"Speakeasy" Will Be Shown at "Oakland"

"Speakeasy," a William Fox all-talking melodrama, starts at the Fox Oakland Friday, having played to record crowds at Loew's Warfield in San Francisco this week.

Paul Page is seen as a battling sportsman, and Lola Lane as a girl reporter who seeks the elusive interview. Just how she prints an untrue story, and makes her hero live up to it, forms a part of the excitement.

On the stage will appear Fanchon and Marco's "Fantasma" Idea starring Vivian Fay, Red Corcoran, and Frank Warde, with Hermie King and his Oaklanders at the musical helm. A special treat in addition will be try-outs in the "Opportunity" Contest, which will feature East Bay girls endeavoring to win a contract to appear in an "Idea." Audience applause will judge the winner.

D. W. Griffith's glorious passion play "Lady of the Pavements" is booked for the Fox Oakland theater to follow "Speakeasy." It will open its week's run Friday, April 12th in conjunction with Fanchon and Marco's "Futuristic" Idea. Lupe Velaz, William Boyd and Jetta Goudal, play the leads.

Club Woman Makes Re-district Suggestion

Mrs. W. W. Green, president of California Federated Women's Clubs, has offered a solution for re-organization plans with regard to re-districting. Her suggestion which will be discussed at the convention at Santa Cruz in May is:

a.—Each district board to elect four people agreeable to the district.

b.—These four names from each district to be placed upon a ballot and presented to the convention. The delegates assembled to elect by ballot two people from each district, from the list submitted. This group to be called a reorganization council.

c.—This council to take two years to consider the subject of reorganization, especially with respect to re-districting. No revision relating to reorganization to be brought in until this council presents revision at the 1931 convention.

d.—This council to be called together and properly organized for business before June 1, 1929. This plan to be carried out irrespective of any revisions this year.

Products from the "Agricultural White House," at Wasco, California, will be exhibited at the 75th annual anniversary State Fair and Eastern States Exposition in Sacramento the first week in September. This is the new name for Herbert Hoover's 1,260-acre farm which the president has developed in Kern county.

The principal product is cotton, one-third of the acreage being devoted to this with grapes next, 360 acres; and 80 acres of vegetables. It costs \$100,000 a year to run this farm.

Fire Department Busy On Easter Sunday

The Decoto fire department answered two calls within a few minutes of each other Sunday morning. The first one was in Alvarado at the home of Luigi Schiutto, resulting from a gasoline explosion. A shed, Studebaker car, and a Reo speed wagon were burned, and other farm implements.

Centerville No. 2 and Decoto No. 4 responded promptly to the fire.

Upon returning, they were called to put out a fire at the M. & S. Tile company, resulting from an overheated heater. The damage was nominal.

NEW LIBRARY BOOKS RECEIVED AT DECOTO

Sixteen new books were received at the Decoto library last week. The titles are: Mother Mason, Book Nobody Knows, Iron Trail, Ghost of the Hemlock Canyon, Her Prairie Knight, Monsieur, Mountain Land, Intruder, Alphabet of Aviation, Man of Little Faith, Magic Gold, River Gold, Circus Lady, Raiders of the Deep, Three Little Kittens, Lively Peggy.

Go to the library and select one.

Misses Marie, Eva and Olga Swanson, and Oscar Swanson, of Oakland, spent Easter at home here.

Miss Rena Ferrante returned from the St. Anthony Hospital today. She has recovered nicely from her recent appendicitis operation.

Mr. and Mrs. A. R. Mosely and daughter, Blanche, of Orville, were the week-end guests of Mr. and Mrs. W. A. McPherson.

DECOTO VOTERS ELECT FIRE COMMISSIONER

Ray McNulty was unanimously re-elected as a Decoto fire commissioner at the election Monday. Twenty-one cast their votes. Mr. McNulty's new term will run for three years. William Hurst and A. A. Amaral are his associates. These commissioners have helped to make the Decoto Fire Department one of the most efficient in this township.

CHRISTIAN ENDEAVOR

The two-act play, "Darkness to Dawn," was successfully presented Easter at the Community church. All of the actors and actresses played their parts admirably.

Special music was rendered between scenes by the Swansons and Rev. John Stevenson. The real Easter spirit was felt by all those who attended.

The monthly meeting was held Wednesday evening. It was decided that the club would take up a six-week study of missions in Africa. A vote of thanks was given to Rev. Stevenson.

The society also decided to send a monthly contribution for the Child Welfare Home at Niles.

MOTHER'S CLUB

Mrs. Charles Blose was hostess to the Mother's Club today. After an afternoon's work on their quilt, Mrs. Blose served a light luncheon.

Two Decoto cars were damaged in Alvarado, Easter morning. Felix Pinza's newly purchased Pontiac smashed into a telephone pole and a fence, damaging the car badly although the driver escaped any injury.

A new Oldsmobile coupé belonging to Ted Haas turned over on its side when it slid into a ditch. No damage was done to the car or the driver.

Both men were driving to the Alvarado fire.

But even in small towns, streets must be crossed. Never run across, wait till the way is clear, then walk. Always cross at intersections.

Under the new plan a large part of the money would come out of state highway commission funds instead of from the county entirely.

Fire at M. & S., Tile Co., Monday

The M. & S. Tile company of Decoto, caught on fire Sunday morning, April 1. Tony Costa discovered the fire and called Frank Thomas who took two of the fire extinguishers from his service station and broke into the M. & S. building.

The smoke was too thick to see, so Mr. Thomas left the door open and found the waste switch. By this means he stopped the motor and then disconnected the one which was burning. The fire was out and all was calm before the fire department arrived.

WHIST PARTY AND DANCE AT DECOTO

One of the largest social events ever staged in Decoto is to come off Saturday evening at the Decoto Grammar school auditorium. The first part of the evening is to be devoted to whist. Fifty valuable prizes are to be given, such as a set of dishes, floor lamp, sack of sugar, fancy embroidery work, live stock, and fruit. Eight door prizes also are to be given.

After the card party, dancing is to be enjoyed. Music is to be furnished by Prioste and his "Red Hot Peppers."

Surely a good time will be insured for all those who attend. A large ticket sale has already been reported, which insures that the affair will be a success.

Funds will go to the Holy Rosary Catholic Church.

The dramatic section of the Country Club presented "Mrs. Temple's Telegram" to the Masonic Home Tuesday evening. The residents of the home enjoyed this comedy immensely.

EDDIE DUNSTEDTER

Eddie Dunstedter, nationally known organist at the Minnesota Theatre, Minneapolis, and recording artist, appeared in the new role of Band Conductor last Tuesday evening, and on April 2 at 10:30 P. M. will appear in the second of a series of twenty radio broadcasts over WCCO, Minneapolis, in which the W. B. Foshay Co. of Minneapolis will present him and his twenty-one piece band. A national hook-up is planned after the concert on April 9 when the programs will be carried from coast to coast to reach all states and, it is hoped, all countries where W. B. Foshay Co. has public utility and industrial interests.

This is one of the largest bands in the United States to broadcast both symphonic and popular melodies and the largest in the midwest. The band includes a string section, brass section, woodwinds, and various specialty combinations which make it possible for them to interpret practically any type of music. Every number played is a special arrangement of Mr. Dunstedter's and he will be featured at the piano or on the organ each week.

The second of these programs will be on the air from 10:30 to 11:30 Tuesday evening, April 2. It is

probable that the entire twenty concerts will be played between then and the early part of July, the band appearing two or three times a week during the latter part of the series.

For a number of years, Mr. Dunstedter has looked forward to directing such a band and with this opportunity he hopes to prove that he is as much a master at conducting as he is on the organ. His clever arrangement of classical and popular numbers places him in the forefront of American composers. Mr. Dunstedter is a master at symphonic arrangement, and outstanding in the country, ranking with Paul Whiteman. He is a popular Brunswick recording artist, and has a large following in both the Northwest and the entire United States.

The band, which has been rehearsing under Mr. Dunstedter's direction for several weeks, is declared by local musicians who have heard it, to be the finest group of its type ever presented over any radio station in the midwest, and equal if not superior to any being heard on the air today. The musicians in it are a group selected from the best in the Twin Cities.

A contest for naming the band will be announced during the first two concerts.

**WANTED:--A MATTRESS
AND 2 COATS FOR GIRLS**

Need of more Catholic foster homes was the point stressed at the meeting of the board members of the Children's Department of the Welfare Board at the Niles library this morning, with President E. W. Burr in the chair. Immediate need in one case is stressed where a Catholic child is in a home which has lately acquired a feeble-minded person which makes the atmosphere unwholesome for the ward of the Children's Department. All clubs church organizations and individuals are urged to refer any foster homes available to Mrs. Ruth McCord, executive secretary, at the Health Center office in Hayward.

It is explained again that the state pays for the food and care of the child, clothes, medicine and all expenses being cared for by the Children's Department so that the only obligation of the foster parent is supervision and friendly interest.

Mrs. A. A. Hatch, chairman of the clothes committee, reported disposal of 27 new garments, 39 old ones repaired and renovated, and six pairs of shoes. A special need is felt at present for coats, especially for a nine year old girl, of chubby build needing a 34 size. Another girl of fourteen, medium height and rather thin, also needs a coat. All clothes to be donated should be referred to Mrs. A. A. Hatch, at Niles.

A three-quarter bed mattress is also needed at the Children's home at Niles. This matter should be referred to Mrs. Frank Dusterberry, of Centerville, chairman of the house committee.

The Ways and Means committee reported that the four townships had not yet reached their quotas in the budget of \$100 a month necessary to maintain the home at Niles and care for the incidental expenses of the 56 or more children under the supervision of the department.

Healdsburg — Construction of Candelot building progressing rapidly.

Taking the taxpayers into his confidence in all matters regarding the Washington Union high school, is the slogan John C. Whipple, newly-elected member of the board, has chosen for himself. When asked for a statement of policy, Mr. Whipple replied to The Register:

"I have been asked for an outline of policy in regard to the Washington Union high school.

"I am not well enough acquainted yet with problems of the school to speak with much authority, but I think I can sum up my policy in one sentence:

"Above all things I feel that I should take the citizens, 60 per cent of whose tax money goes for school purposes, into my fullest confidence in all matters pertaining to the high school.

"I appreciate the confidence the voters showed in me on the 29th, and hope it will not be misplaced. Respectfully,

JOHN C. WHIPPLE."
